Please read the following information concerning this Intake Form and Complaint/Grievance Procedure:

We are asking you to complete the attached form to the best of your knowledge so we understand how you would like to receive services. Some basic information (*) is needed to meet compliance with federal and state reporting requirements and to target consumers age 60 and older who have the greatest economic and social need, such as individuals who are low-income minority, frail, and rural. Requests for services are processed as funds allow.

Your income level is not used to qualify you to receive services, but rather as a means to gather demographic data to various entities to show the need for continued funding of services. Nobody will contact you, unless you choose so in order to receive information about services which might be available to you.

If there is not enough room on the application for any of your responses, please attach a separate sheet.

Complaint/Grievance/Appeal Procedure:

The purpose of the Complaint/Grievance/Appeal Procedure is

- To ensure fair and equitable treatment of all consumers, eliminate dissatisfaction, resolve problems and
- To establish complaint and appeals procedures that inform the consumers of their rights to complain and receive a written response at the provider level

Any OAA/OCA (Older Americans Act/Older Coloradans Act) eligible consumer who has a complaint/grievance with the organization asking you to fill out this assessment form has the right to file a complaint/grievance with said organization and, if not satisfied with the organization's decision, to appeal that decision with either the local AAA (Area Agency on Aging) or the SUA (State Unit on Aging).

The complete Complaint/Grievance/Appeal Procedure is available upon request by contacting your local AAA and/or the SUA as follows:

Instructions about filling out the 2016 Consumer In-Home Services Assessment Form:

This Consumer In-Home Services Assessment Form needs to be filled out by the AAAs or their providers to gather the information required by the federal or state government to be entered into Colorado's official data system (currently SAMS). In addition to register a client in SAMS, by entering date into the detailed consumer record, the rest of the required information needs to be entered into the assessment portion of SAMS.

(*) Any fields with this prefix designate demographic data collected by the federal or state government to support the need for continued funding for the various programs. This data will be de-identified and used in aggregate form to compile statistical information. None of the data is sold to a third party and any personal information will only be used in an effort to better serve the client in providing him/her with services.

There is one additional required field you need to be aware of, which is not on the form, but needs to be checked in the Basic Client Information section of the assessment form. That field is 'Is the client's income level below the national poverty level?', which shows up on the consumer record in the NAPIS section as 'In poverty?'. Please check yes, if the consumer has less than \$990 individual or less than \$1,335 household income monthly; mark 'no' otherwise.

Another oddity to be aware of, is the 'What is your race?' question. When you check the race in the assessment, the only thing that comes across to the consumer record is a 'Yes' or 'No' on the 'Is Ethnic Race specified?' question under the NAPIS section of the consumer record. You still need to mark the correct race under the Ethnic Races section on the right side of the consumer detail record screen.

Any fields which do not have the (*) prefix are optional, but help determine in what other ways we might be able to help the client and to get feed-back about which of our outreach programs are successful. Please try to obtain as much information as possible, since we can only help when we know that there is a need.

While we ask you to make an honest effort to gather this basic information, we cannot deny services to clients on the basis of them refusing to provide the requested information, since our programs are not means tested. Since our programs are specifically for the elderly, particularly for persons age 60 or over, the date of birth needs to be filled in. If the client refuses to provide his/her date of birth, please enter January 1 and the year which would make them the age they are stating. Then, indicate in the notes of the consumer detail record that the date of birth is not factual, as the client would not provide it.

This form must be used for clients receiving one or more of those services and clients have to be reassessed every six months (except for counseling and screening, where the client needs to be assessed only once):

- Adult Day Care/Adult Day Health or Adult Day Care/Adult Day Health (State)
- Case Management or Case Management (State)
- Chore or Chore (State)
- Home Delivered Meals or Home Delivered Meals (State)
- Home Health Aide or Home Health Aide (State)
- Homemaker or Homemaker (State)
- Personal Care or Personal Care (State)
- Screening or Screening (State) – no reassessment required

If you have any questions, please contact your local AAA office.
